

3 October 2024 Singapore

Programme

Singapore time (UTC+8)

Valid as of 25 October 2024

AICT-AsiaPCR.com

10:30 - 12:00

ROOM 335-336

Imaging

NextGen

Learning

From seeing to understanding: challenges of complex coronary artery disease

Facilitators: A. S. F. Chui, G. G Toth

Senior advisors: J. Loh, A. F. Yahya

Join us if you want:

- To discuss how to best navigate through an angiogram
- To learn how to best guide revascularisation when the angiogram is complex or dubious
- To get familiar with the essentials of various functional assessment tools

12:00 - 12:45

Lunch break

ROOM 335-336

Event

12:45 - 13:55

ROOM 335-336

NextGen

Learning

Every minute counts: STEMI and cardiogenic shock

Facilitators: A. S. F. Chui, A. F. Yahya

Senior advisor: G. G Toth

Join us if you want:

- To discuss what are the most critical action points in cardiogenic shock
- To discuss what are your 'must have' tools for primary PCI
- To learn how to deal with typical pPCI complications

13:55 - 14:15

Networking break

ROOM 335-336

Event

14:15 - 15:35

Top of the top: left main disease

ROOM 335-336

Imaging

NextGen

Learning

Facilitators: G. G Toth, J. Loh
Senior advisor: A. F. Yahya

Join us if you want:

- To discuss what is the best use of imaging guidance for left main disease
- To understand the essential principles of left main PCI
- To share ideas about the 'must have' toolbox for left main PCI

17:25 - 18:55

ROOM 335-336

Imaging

NextGen

Learning

Tools and techniques to break the stones: calcified vessels

Facilitators: J. Loh, A. F. Yahya
Senior advisor: A. S. F. Chui

Join us if you want:

- To discuss what is the best use of imaging guidance for calcified stenoses
- To understand the essential treatment algorithm of calcified lesions
- To share ideas about the 'must have' toolbox for calcified stenoses

19:00 - 20:00

ROOM 335-336

Event

PCR Fellows Course cocktail

15:35 - 15:45

Networking break

ROOM 335-336

Event

15:45 - 17:05

Planning TAVI - Essentials of CT

ROOM 335-336

NextGen

Learning

Facilitators: A. S. F. Chui, G. G Toth

Join us if you want:

- To discuss why CT is essential in planning TAVI
- To learn what are the key steps of CT analysis
- To get familiar with how CT-based knowledge can support the TAVI procedure

17:05 - 17:25

Networking break

ROOM 335-336

Event
