

9 October 2025 Singapore

Programme

Singapore time (UTC+8)

Valid as of 13 October 2025

AICT-AsiaPCR.com

09:30 - 10:45

SALON 5-6

NextGen

Learning

Provisional left main PCI: mind your steps

Facilitators: A. S. F. Chui, A. F. Yahya
Senior advisors: A. N. Calik, C. De Biase, J. Loh

Join us if you want:

- To understand the key principles of the provisional stenting strategy
- To recognise and avoid common pitfalls in provisional stenting
- To learn how to bail out and escalate to a two-stent strategy when needed

13:15 - 14:45

SALON 5-6

NextGen

Learning

Cracking the calcium: strategies for optimising PCI in calcified lesions

Facilitators: A. N. Calik, J. Loh
Senior advisors: A. S. F. Chui, C. De Biase, A. F. Yahya

Join us if you want:

- To understand treatment algorithms for managing calcified coronary lesions
- To learn how to optimise PCI for calcified lesions using intravascular imaging guidance
- To explore key tools and techniques for calcium modification

10:45 - 11:15

SALON 5-6

Event

Networking break

14:45 - 15:00

SALON 5-6

Event

Networking break

11:15 - 12:15

SALON 5-6

Learning

Mastering DK crush: step-by-step for left-main bifurcation

Facilitators: A. N. Calik, J. Loh
Senior advisors: A. S. F. Chui, A. F. Yahya

Join us if you want:

- To learn step-by-step how to do a good two-stent left main bifurcation stenting using the DK crush procedure
- To understand the importance of imaging guidance
- To discuss challenges and pitfalls in DK crush

15:00 - 16:15

SALON 5-6

NextGen

Learning

TAVI step-by-step: from the puncture to valve implantation

Facilitators: A. N. Calik, C. De Biase
Senior advisor: A. S. F. Chui

Join us if you want:

- To learn the essentials of a safe femoral puncture
- To understand how to optimise step-by-step for TAVI
- To discuss how to improve technical details and avoid common TAVI complications

12:15 - 13:15

SALON 5-6

Event

Lunch break

16:15 - 16:40

SALON 5-6

Event

Networking break

16:40 - 17:40

Nightmare in the cathlab

SALON 5-6

NextGen
Learning

Facilitators: A. S. F. Chui, C. De Biase
Senior advisors: A. N. Calik, J. Loh, A. F. Yahya

Join us if you want:

- To learn the tips and tricks of detecting and tackling complications in cathlab
- To learn how to avoid complications during procedures
- To learn different approaches to manage these complications

17:45 - 18:45

PCR Fellows Course cocktail

SALON 5-6

Event
