

19 May 2025 Paris

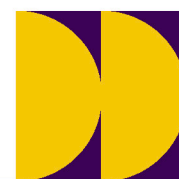

# Programme

*Paris time (UTC+2)*

Valid as of 21 May 2025

[EuroPCR.com](http://EuroPCR.com)

08:30 - 09:00

RESTAURANT

Event

**EAPCI-PCR Fellows Course -  
Welcome coffee**

12:40 - 13:30

RESTAURANT

Event

**Lunch**

09:00 - 09:15

ROOM NEXTGEN  
(351)

Ceremony

**EAPCI-PCR Fellows Course -  
Opening Ceremony**

13:30 - 14:30

ROOM NEXTGEN  
(351)

Learning

**Presentation and  
communication skills***Facilitators: D. Capodanno, V. Jenkins***Join us if you want:**

- To share ideas about good slides and bad slides
- To learn what works and what doesn't when a presentation has to be prepared
- To discuss what makes the difference between average and exceptional talks

09:15 - 10:45

ROOM NEXTGEN  
(351)

Learning

**Our patient presented with  
STEMI***Facilitators: A. Cader, A. Shabbir  
Senior Advisor: D. Milasinovic***Join us if you want:**

- To discuss what tools you need for primary PCI
- To learn how to deal with complications encountered during primary PCI
- To discuss treatment options for a patient with STEMI and multivessel disease

14:45 - 16:15

ROOM NEXTGEN  
(351)

Imaging

Learning

**Our patient with left main  
disease***Facilitators: C. De Biase, V. Paradies  
Senior Advisor: G. G. Toth***Join us if you want:**

- To define suitable anatomies for left main PCI
- To discuss the role of imaging guidance for left main disease
- To understand the essential principles of left main PCI

11:00 - 12:30

ROOM NEXTGEN  
(351)

Imaging

Learning

**Our patient with multivessel  
disease***Facilitators: E. Rafflenbeul, G. Russo  
Senior Advisor: S. Brugaletta***Join us if you want:**

- To sharpen your skills in efficiently interpreting and navigating an angiogram
- To learn how to optimise revascularisation strategies in multivessel disease using physiology-based assessment
- To understand the principles and clinical applications of functional assessment

16:30 - 18:00

ROOM NEXTGEN  
(351)

Imaging

Learning

**Our patient with severely  
calcified vessel***Facilitators: A. Beneduce, A. N. Calik  
Senior Advisor: A. Wolf***Join us if you want:**

- To gain a clear understanding of the treatment algorithms for calcified lesions
- To learn how to optimise PCI for calcified lesions using imaging guidance
- To explore the essential toolkit for successful PCI in calcified lesions

12:30 - 12:40

ROOM NEXTGEN  
(351)

Keynote Lecture

**A word from our sponsor***in collaboration with Medtronic*

18:00 - 18:30

## Test your knowledge

*Facilitators: A. N. Calik, C. De Biase*

ROOM NEXTGEN  
(351)

### Join us if you want:

Learning

- To assess your expertise in interventional cardiology
- To focus your energies to win one-year access to the EAPCI-PCR Textbook
- To share the final moments of the EAPCI-PCR Fellows Course while having fun with your peers

18:30 - 20:00

## EAPCI-PCR Fellows Course - Cocktail reception
