

10-11 December 2025 Dubai

# Course Programme

*Dubai time (UTC+4)*

Valid as of 22 October 2025

Designations used by companies to distinguish their products are often claimed as trademarks. All brand names and product names used in this programme are trade names, service marks, trademarks or registered trademarks of their respective owners.

08:30 - 10:00

MAIN ARENA

LIVE Educational  
Case

**Left main: LIVE Educational Case  
from Mohammed Bin Khalifa Bin  
Salman Al Khalifa Specialist  
Cardiac Centre - Awali, Bahrain**

10:20 - 11:50

CASE CORNER 1

Nurses and Allied  
Professionals

Case-based  
Discussion

**Advanced practice in  
cardiovascular care for Nurses  
and Allied Professionals: how to  
reach out for the best?**

**Join us if you want:**

- To learn how to enhance patient safety and maintain best practices in your cathlab, especially during stressful situations
- To receive an update on new roles, skills, and tools relevant to NAPs working in the cathlab
- To engage in an open discussion with peers about the role of NAPs during emergency situations

10:00 - 10:10

MAIN ARENA

Ceremony

**GulfPCR-GIM 2025 Opening  
Ceremony**

10:20 - 11:50

CASE CORNER 2

Clinical Cases

**Coronary Pot Pourri**

10:20 - 11:20

MAIN ARENA

International  
Collaboration

Case-based  
Discussion

**Cardiogenic shock**

*With the collaboration of the Saudi Arabian  
Cardiac Intervention Society*

11:20 - 11:50

MAIN ARENA

Keynote Lecture

**The most impactful trials of 2025**

**Join us if you want:**

- To review the latest evidence in the field of cardiovascular interventions
- To analyse methodology and applicability of new evidence for my practice
- To discuss how to integrate recent evidence in daily practice

10:20 - 11:50

THE FORUM

Imaging

Learning

**Learning imaging interpretation  
(IVUS / OCT)**

12:00 - 12:45

MAIN ARENA

Symposium

**Sponsored session - Session  
details available soon**

12:00 - 12:45

THE FORUM

Symposium

**Sponsored session - Session  
details available soon**

12:00 - 12:45

CASE CORNER 1

Clinical Cases

Structural interventions

12:00 - 12:45

CASE CORNER 2

Clinical Cases

CTO - Part 1

13:45 - 15:15

MAIN ARENA

Symposium

**Sponsored session - Session details available soon**

15:25 - 16:55

THE FORUM

International Collaboration

Case-based Discussion

**Challenging PCI scenarios after CABG**

*With the collaboration of the Turkish Community of Interventional Cardiologists*

**Join us if you want:**

- To learn how to apply intravascular imaging and functional assessment to guide PCI strategy in post-CABG patients
- To understand the clinical and anatomical considerations in choosing native vessel vs. graft PCI
- To recognise the management approaches for acute graft failure

13:45 - 14:30

THE FORUM

Symposium

**Sponsored session - Session details available soon**

15:25 - 16:55

CASE CORNER 1

Clinical Cases

**Peripheral, coronary and structural interventions**

13:45 - 15:15

CASE CORNER 1

Clinical Cases

**Bifurcation lesions**

15:25 - 16:55

CASE CORNER 2

Clinical Cases

**Calcified lesions and intracoronary imaging**

13:45 - 15:15

CASE CORNER 2

Abstracts

**Abstracts Pot Pourri - Part 1**

17:00 - 18:30

MAIN ARENA

Clinical Cases

**Challenging Cases**

14:30 - 15:15

THE FORUM

Symposium

**Sponsored session - Session details available soon**

17:00 - 18:30

THE FORUM

International Collaboration

How Should I Treat?

**Challenging cases from the East**

*With the collaboration of the Iraqi Community of Interventional Cardiologists*

15:25 - 16:55

MAIN ARENA

LIVE Educational Case

**In-stent restenosis: LIVE Educational Case from Mohammed Bin Khalifa Bin Salman Al Khalifa Specialist Cardiac Centre - Awali, Bahrain**

08:30 - 10:00

MAIN ARENA

LIVE Educational Case

**TAVI: LIVE Educational Case from King Faisal Cardiac Center, National Guard Health Affairs-Western region - Jeddah, Saudi Arabia**

10:15 - 11:45

CASE CORNER 1

Clinical Cases

**Imaging and coronary complexities**

10:15 - 11:15

MAIN ARENA

International Collaboration

Case-based Discussion

**Precision without a scaffold - When, why and how to use DCB in de novo lesions**

*With the collaboration of the GulfWIN initiative*

**Join us if you want:**

- To understand when and why DCB is a viable alternative to stenting in selected de novo coronary lesions
- To learn the essential steps for optimal DCB use, including patient selection, lesion preparation and procedure technique
- To apply clinical evidence and real-world case insights to make informed, individualised decisions in daily practice

10:15 - 11:45

CASE CORNER 2

Clinical Cases

**Left main, multivessel disease and DCB**

11:15 - 11:45

MAIN ARENA

Innovation

Tutorial

**Innovations in stentless coronary intervention: from DCB technologies to bioresorbable scaffolds**

**Join us if you want:**

- To understand the impact of structural diversity in DCB technologies
- To evaluate the current evidence and future potential of bioresorbable scaffold platforms
- To explore the role of intracoronary imaging modalities, particularly OCT, in enhancing decision-making and procedural success for both DCB therapy and BRS implantation

10:15 - 11:45

THE FORUM

Learning

**Coronary physiology - Making the toughest decisions in the shortest time**

**Join us if you want:**

- To apply coronary physiology to non-culprit lesions, selecting the right index (hyperaemic vs. non-hyperaemic), timing the measurement, and setting actionable cut-offs in daily practice
- To decode discordant or borderline FFR/iFR/RFR pull-backs, integrating tracings, and clinical context to make confident lesion-level decisions
- To optimise PCI outcomes with post-stent physiology, detecting residual gradients, guiding extra post-dilatation or extension, and documenting functional gain before leaving the lab

11:55 - 12:55

MAIN ARENA

Symposium

**Sponsored session - Session details available soon**

11:55 - 12:55

THE FORUM

Symposium

**Sponsored session - Session details available soon**

11:55 - 12:55

CASE CORNER 1

Clinical Cases

CTO - Part 2

11:55 - 12:55

CASE CORNER 2

Abstracts

Abstracts Pot Pourri - Part 2

13:35 - 15:05

MAIN ARENA

Symposium

**Sponsored session - Session details available soon**

15:15 - 16:45

MAIN ARENA

LIVE Educational Case

**Calcified lesions: LIVE Educational Case from King Faisal Cardiac Center, National Guard Health Affairs- Western region - Jeddah, Saudi Arabia**

13:35 - 14:20

THE FORUM

Symposium

**Sponsored session - Session details available soon**

15:15 - 16:45

THE FORUM

Learning

**Simplifying coronary bifurcation PCI. A non-stent approach!**

**Join us if you want:**

- To review current recommendations on approach to coronary bifurcation PCI
- To examine the role of DCB in the management of coronary bifurcation
- To know what is an acceptable DCB result in coronary bifurcations

13:35 - 15:05

CASE CORNER 1

Tutorial

**Vascular interventions for the invasive cardiologist**

**Join us if you want:**

- To learn safest technique for femoral artery access
- To get an overview of the latest guideline changes in peripheral vascular disease

15:15 - 16:45

CASE CORNER 1

Nurses and Allied Professionals

Case-based Discussion

**Innovation and teamwork in structural heart interventions**

**Join us if you want:**

- To learn about the indications and challenges of aortic and mitral valves procedures
- To understand our role during structural procedures and explore ways to improve your practice in the structural field
- To exchange with peers in an open discussion on how to make structural interventions a less stressful experience

13:35 - 15:05

CASE CORNER 2

Clinical Cases

**STEMI & Complications**

14:20 - 15:05

THE FORUM

Symposium

**Sponsored session - Session details available soon**

15:15 - 16:45

CASE CORNER 2

Clinical Cases

**STEMI, stents and complications**

16:50 - 18:20

MAIN ARENA

Clinical Cases

Best Complications

18:20 - 18:30

MAIN ARENA

Ceremony

GulfPCR-GIM 2025 Closing Ceremony
