08:15 - 09:45

RIO DE JANEIRO ROOM

LIVE Educational Case

**TTVR: LIVE Educational Case from Bordeaux University Hospital - Bordeaux, France**

10:15 - 11:00

THE EXCHANGE

Clinical Cases

**Call for submissions session - Details coming soon**

09:45 - 10:00

RIO DE JANEIRO ROOM

Ceremony

**Welcome to PCR Rio Valves 2026**

10:15 - 11:45

SANTIAGO ROOM - ECHO WORKSHOP

Echo Workshop

**Multiple faces of mitral regurgitation**

**Join us if you want:**

- Recognize the different phenotypes of mitral regurgitation and why they matter for treatment selection.
- Take part in an interactive case-based discussion with live polling on when M-TEER is the best option.
- Understand the latest guidelines on timing and choice of surgery vs. transcatheter therapy.
- Learn from real-life cases and hands-on imaging review to apply these concepts in daily practice.

10:15 - 11:45

RIO DE JANEIRO ROOM

LIVE Educational Case

**TAVI: LIVE Educational Case from Hospital Copa D'Or - Rio de Janeiro, Brazil**

10:15 - 11:45

HANDS ON LAB

Hands on Simulation-based Learning

**Hands on session A**

10:15 - 11:45

BUENOS AIRES ROOM

Case-based Discussion

**Debating the guidelines and best moment for Tricuspid interventions**

11:00 - 11:45

THE EXCHANGE

Clinical Cases

**Call for submissions session - Details coming soon**

10:15 - 11:45

MEXICO CITY ROOM

Imaging Case-based Discussion

**CT imaging session - Details coming soon**

11:55 - 12:55

RIO DE JANEIRO ROOM

Symposium

**Sponsored session - Details coming soon**

11:55 - 12:55

**Sponsored session - Details coming soon**

**BUENOS AIRES ROOM**

Symposium

11:55 - 13:25

**Seal the appendage: from anatomy to successful LAAO**

**SANTIAGO ROOM - ECHO WORKSHOP**

Echo Workshop

**Join us if you want:**

- Perform a structured pre-intervention echo evaluation for LAAO
- Recognize challenging LAA anatomies and procedural implications
- Apply a step-by-step imaging workflow for device planning
- Gain practical insight through workstation analysis and simulator practice

11:55 - 13:25

**Hands on session A (repeated)**

**HANDS ON LAB**

Hands on  
Simulation-based  
Learning

15:15 - 16:45

**BUENOS AIRES ROOM**

Case-based Discussion

**Mitral valve treatment: from A to Z**

16:20 - 17:50

**SANTIAGO ROOM - ECHO WORKSHOP**

Echo Workshop

**Decoding the right ventricle in tricuspid regurgitation**

**Join us if you want:**

- Learn about traditional RV metrics: useful, but often misleading in severe TR
- Understand the concept of Effective RVEF and RV-PA coupling: the next frontier in right heart assessment
- Build up knowledge about RA remodeling and systemic congestion as decision-making tools

SANTIAGO ROOM - ECHO WORKSHOP

Echo Workshop

**The patient screening journey in a tricuspid valve program**

**Join us if you want:**

Join us if you want to:

- Understand how to structure a TR screening pathway
- Identify who benefits from T-TEER vs TTVR
- Interpret key study outcomes in clinical context
- Recognize the impact of device-related (pacemaker) TR

09:45 - 11:15

SANTIAGO ROOM - ECHO WORKSHOP

Echo Workshop

**The next step after mitral and tricuspid intervention**

**Join us if you want:**

- Learn why outcomes are measured beyond the cath lab.
- Know when to monitor and re-intervene.
- Understand why MR/TR returns and how to evaluate it.

14:45 - 16:15

RIO DE JANEIRO ROOM

LIVE Educational Case

**TAVI: LIVE Educational Case from ABC Medical Centre - Cuajimalpa, Mexico**

13:40 - 14:40

RIO DE JANEIRO ROOM

Case-based Discussion

**Innovation: Joint session with TCT LATAM Valves**

14:45 - 15:45

MEXICO CITY ROOM

Nurses and Allied Professionals

Case-based Discussion

**NAPs session 2 - Details coming soon**

13:40 - 14:40

BUENOS AIRES ROOM

Case-based Discussion

**TAVI: managing concomitant aortic stenosis and coronary artery disease**

14:45 - 16:15

SANTIAGO ROOM - ECHO WORKSHOP

Echo Workshop

**The septal session: PFO and ASD closure through the echo lens**

**Join us if you want:**

- Understand the clinical work-up of ischemic stroke and apply tools for PFO causal attribution (ROPE, PASCAL, TOAST)
- Use an integrated imaging strategy for PFO screening (TTE, TOE, TCD)
- Recognize what truly matters in ASD assessment for transcatheter closure
- Appreciate the added value of 3D echo for sizing, rims, and procedural guidance

13:40 - 14:40

MEXICO CITY ROOM

Case-based Discussion

**CT imaging session - Details coming soon**

16:15 - 16:25

RIO DE JANEIRO ROOM

Ceremony

**PCR Rio Valves 2026 - Closing Ceremony**
